# Abstract

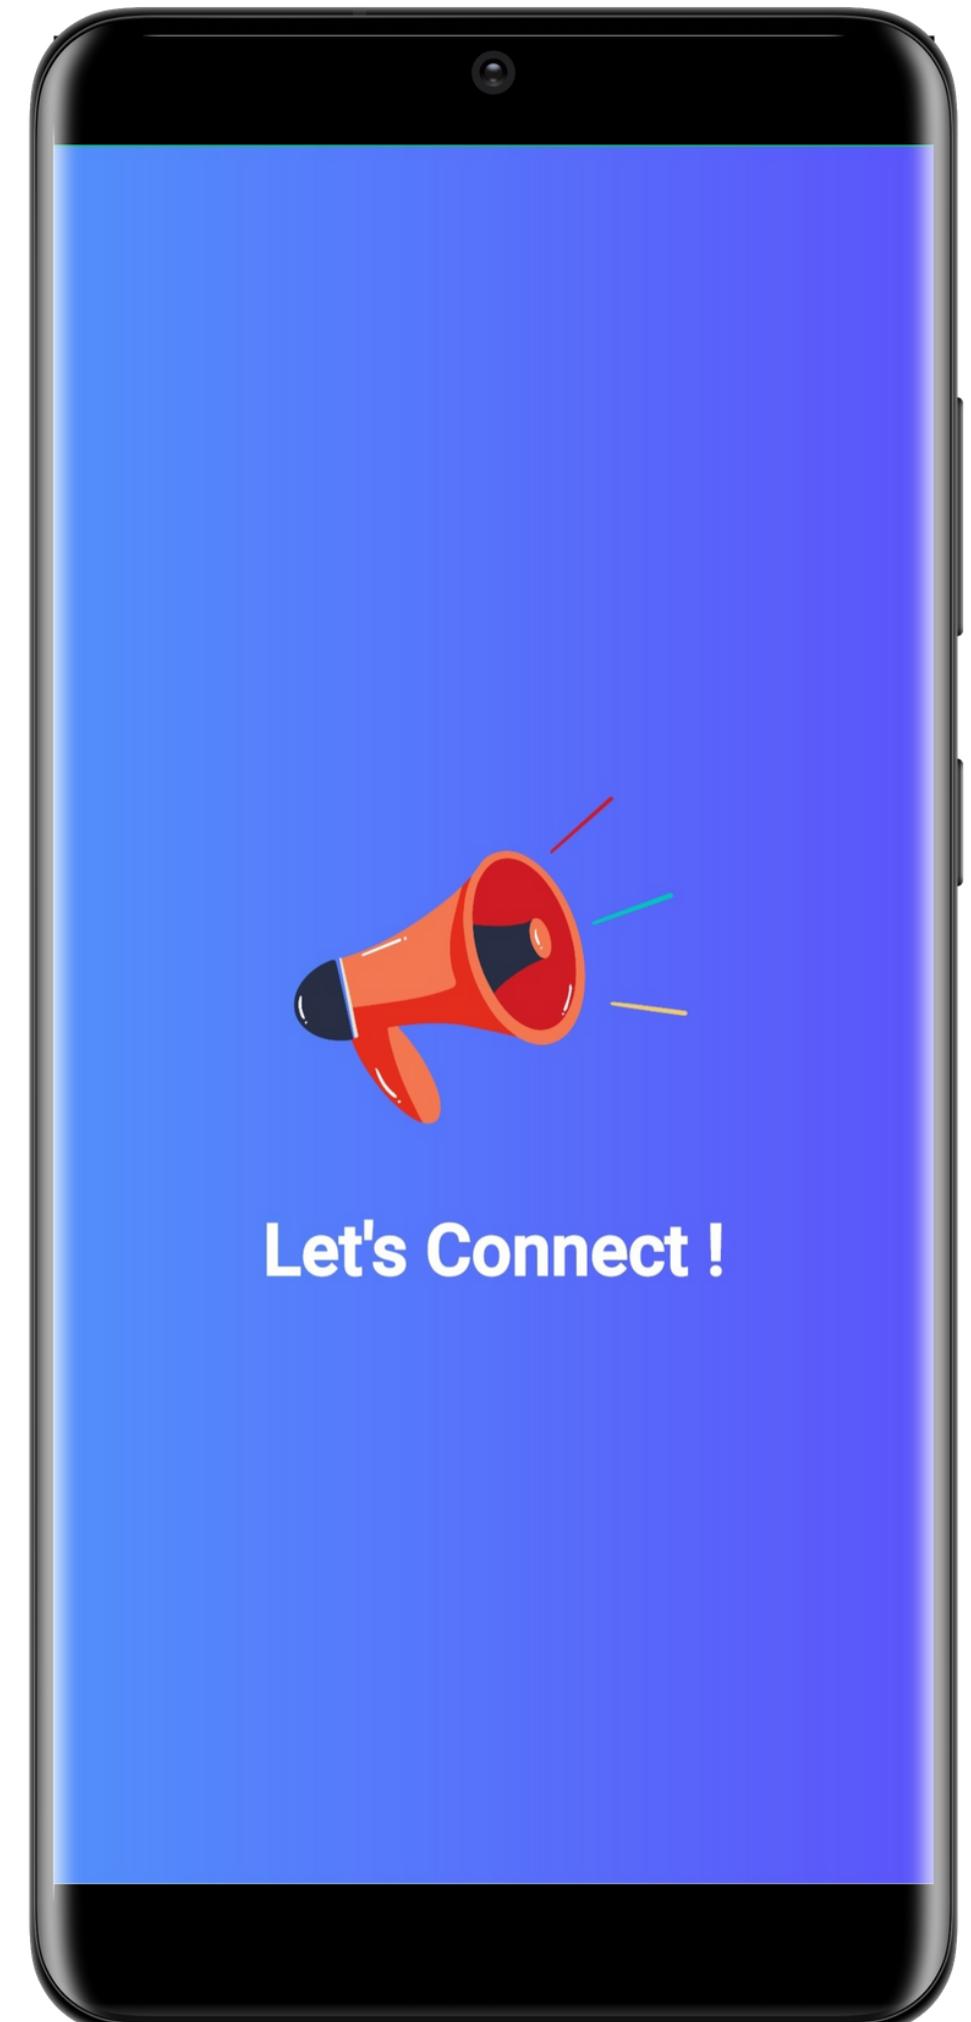

**Through 'Let's Connect' we want to bridge the gap between online and offline mode of education and other activities.**

The application has integrated ERP system where student can get all the information related to academics like attendance , credits earned , CPI performance , scores and much more on his/her fingertip. All the latest update regarding college like Workshops/Guest Lectures/News/Updates will be available at one place.

Information related to online classes like assignment update , classroom link , professor's details all are integrated at one place by the help of Google Classroom API. Students can also find and get connected to their alumni through this application very easily. Stay updated by knowing the latest update around the world.

There is option to form community in the application , through which students belonging to the same university can connect with each other and form a community based on their interest. This feature will help to reduce the interaction gap among different students studying in same university , because it is very difficult to find and interact with people having same interest and belonging to same university in other social media platform like LinkedIn.

**Connect = LinkedIn For University**

# Features

1 Integrated ERP

2 Latest Campus News

3 Latest Classroom News

4 Performance Analysis

5 Receipt Download/Share

6 Alumni Connect

7 Chat – Classroom/Branch

8 Classroom Connect (API)

9 Utility – OD , GPA Calculator

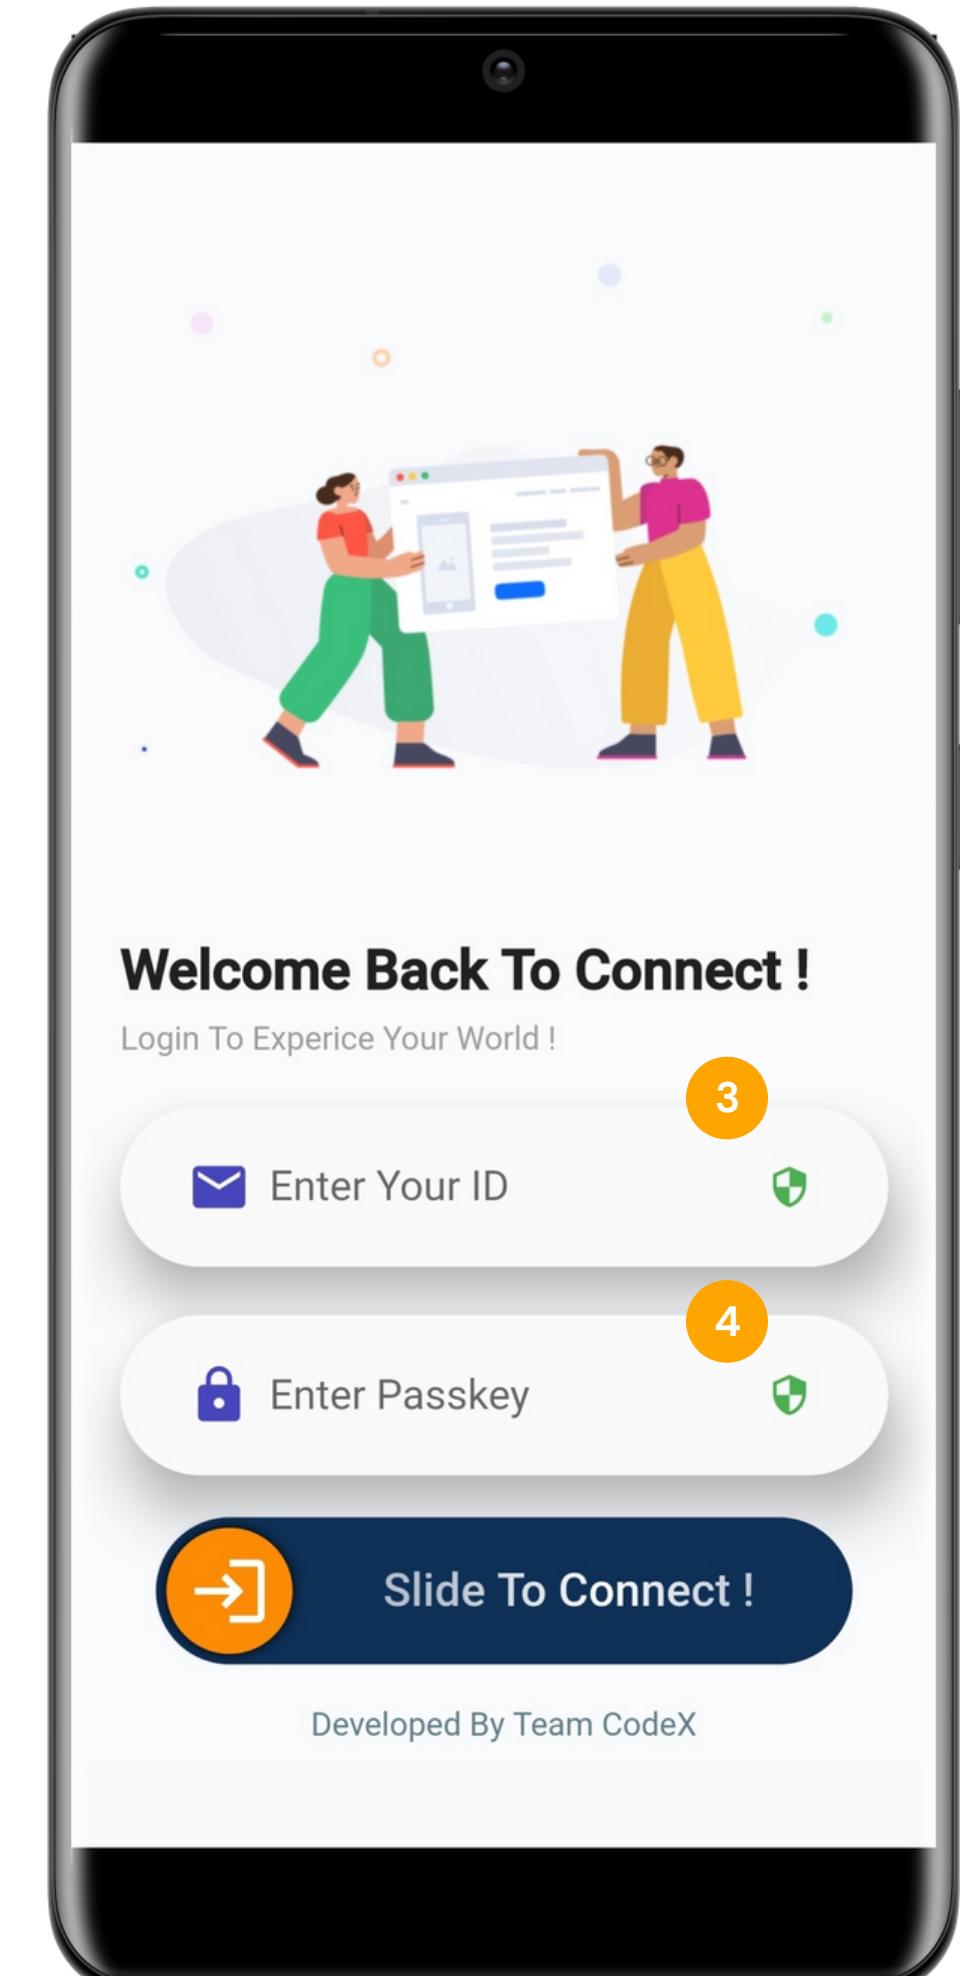

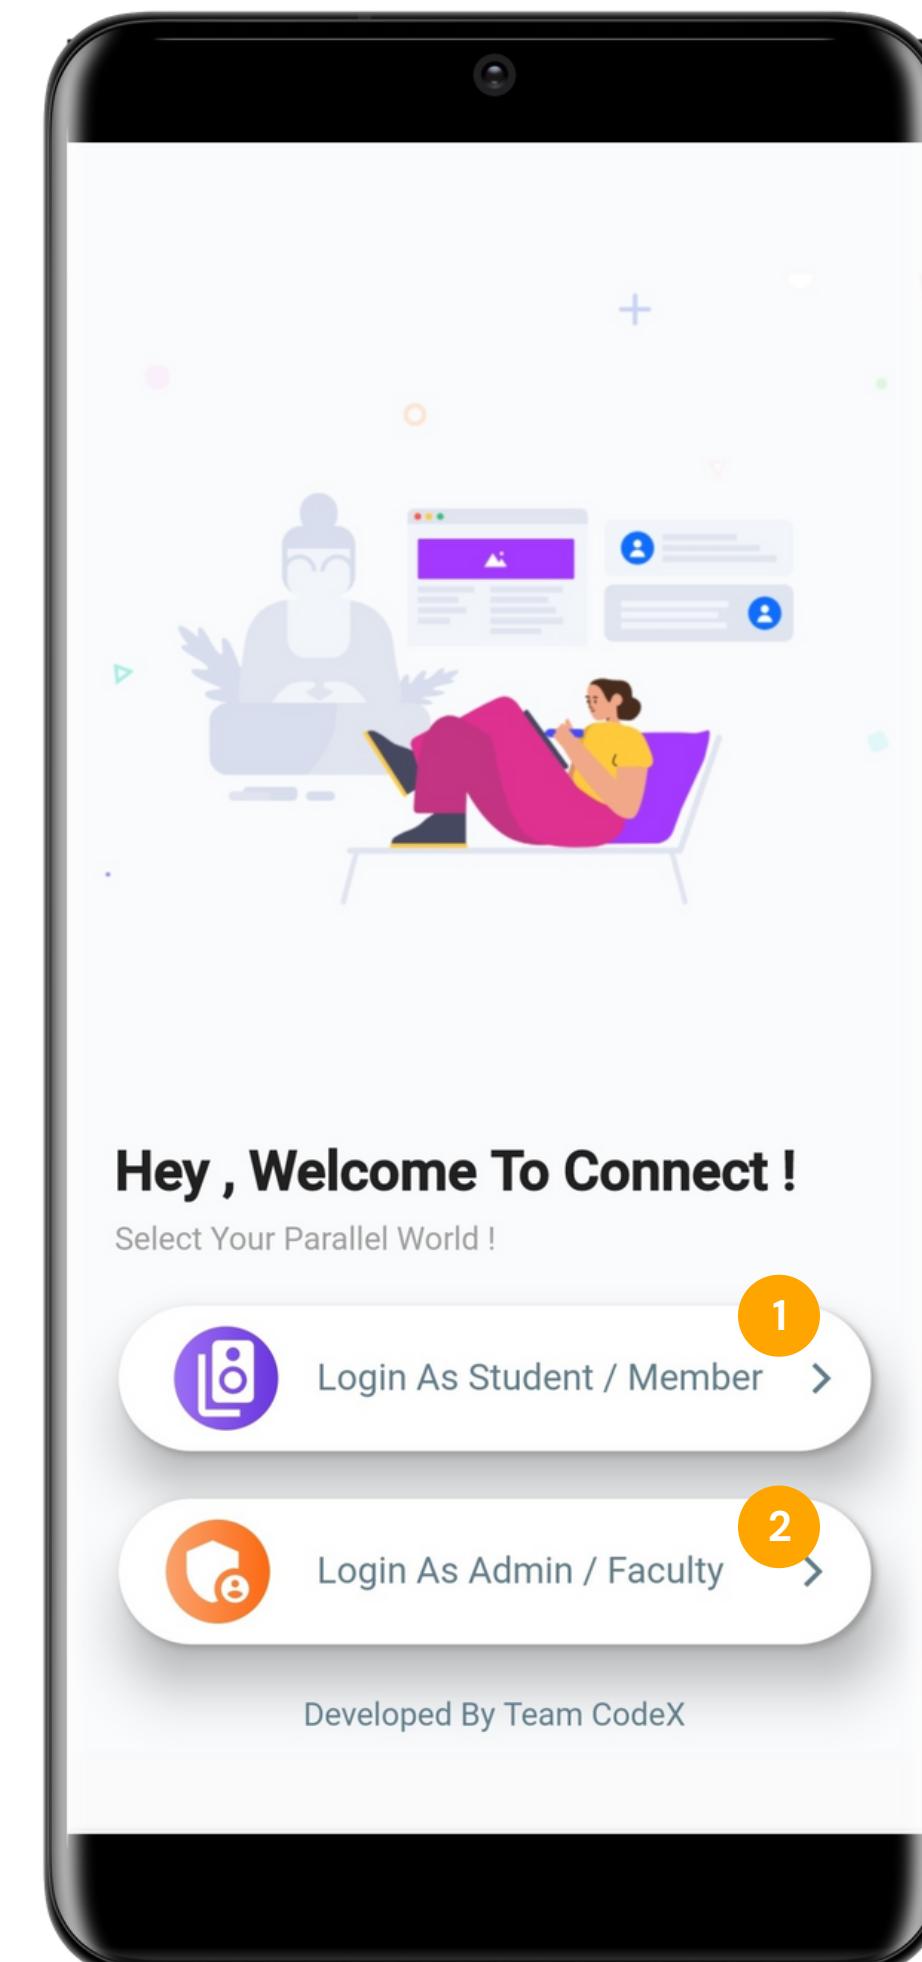

10 Latest Current News

11 Community Formation

Team CodeX

# Login Option

- 1 Student can login from here.
- 2 Admin can login from here.
- 3 Enter NetID (University Email ID).
- 4 Passkey will be initially NetID password.

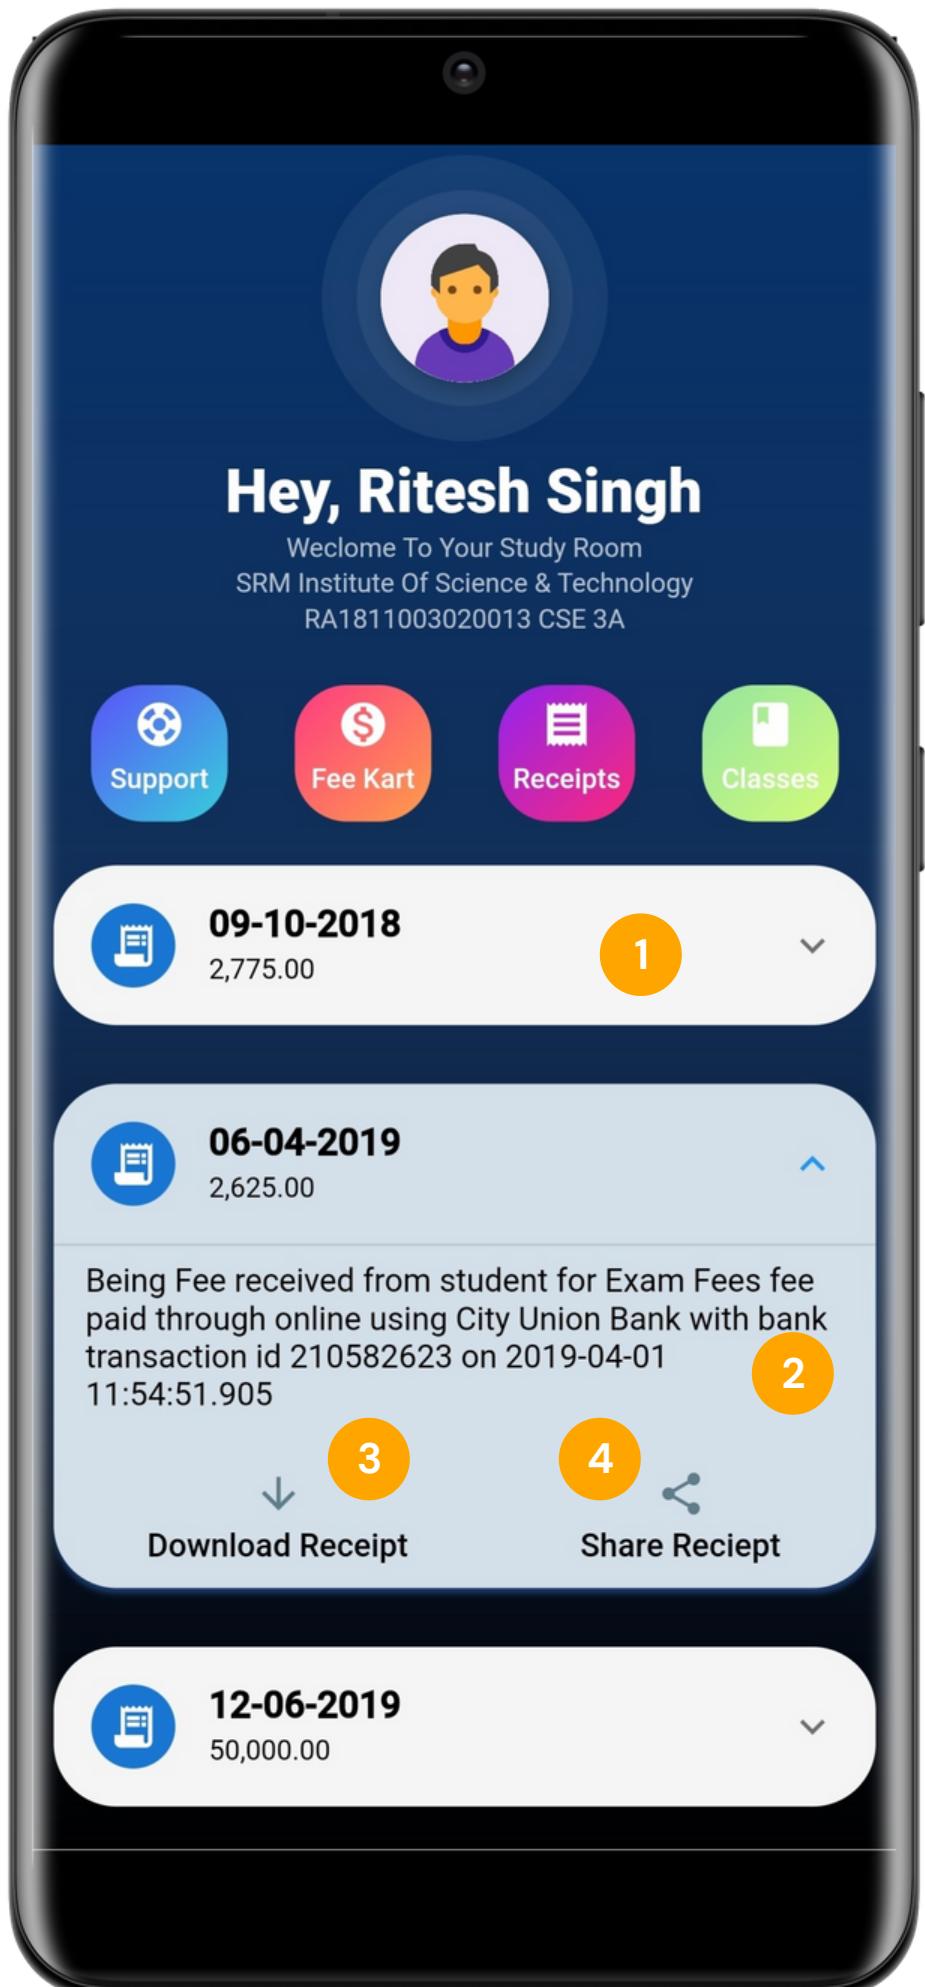

# Dashboard

- 1 Access Classroom
- 2 Latest News ( Current Affairs )
- 3 Enter NetID (University Email ID).
- 4 Campus Updates / Club Updates
- 5 Top Rated MOOC Course
- 6 Alumni Connect
- 7 Chat System

# ClassRoom

- 1 Support For Any Technical Issue
- 2 Link To Fee Kart
- 3 Download/Share Fee Receipt
- 4 Subject Detail (Subject Code , Prof Name)
- 5 Assignment Detail (Due Date)
- 6 Teacher's Contact Details

# ClassRoom Contd..

1 Fee Receipt Date

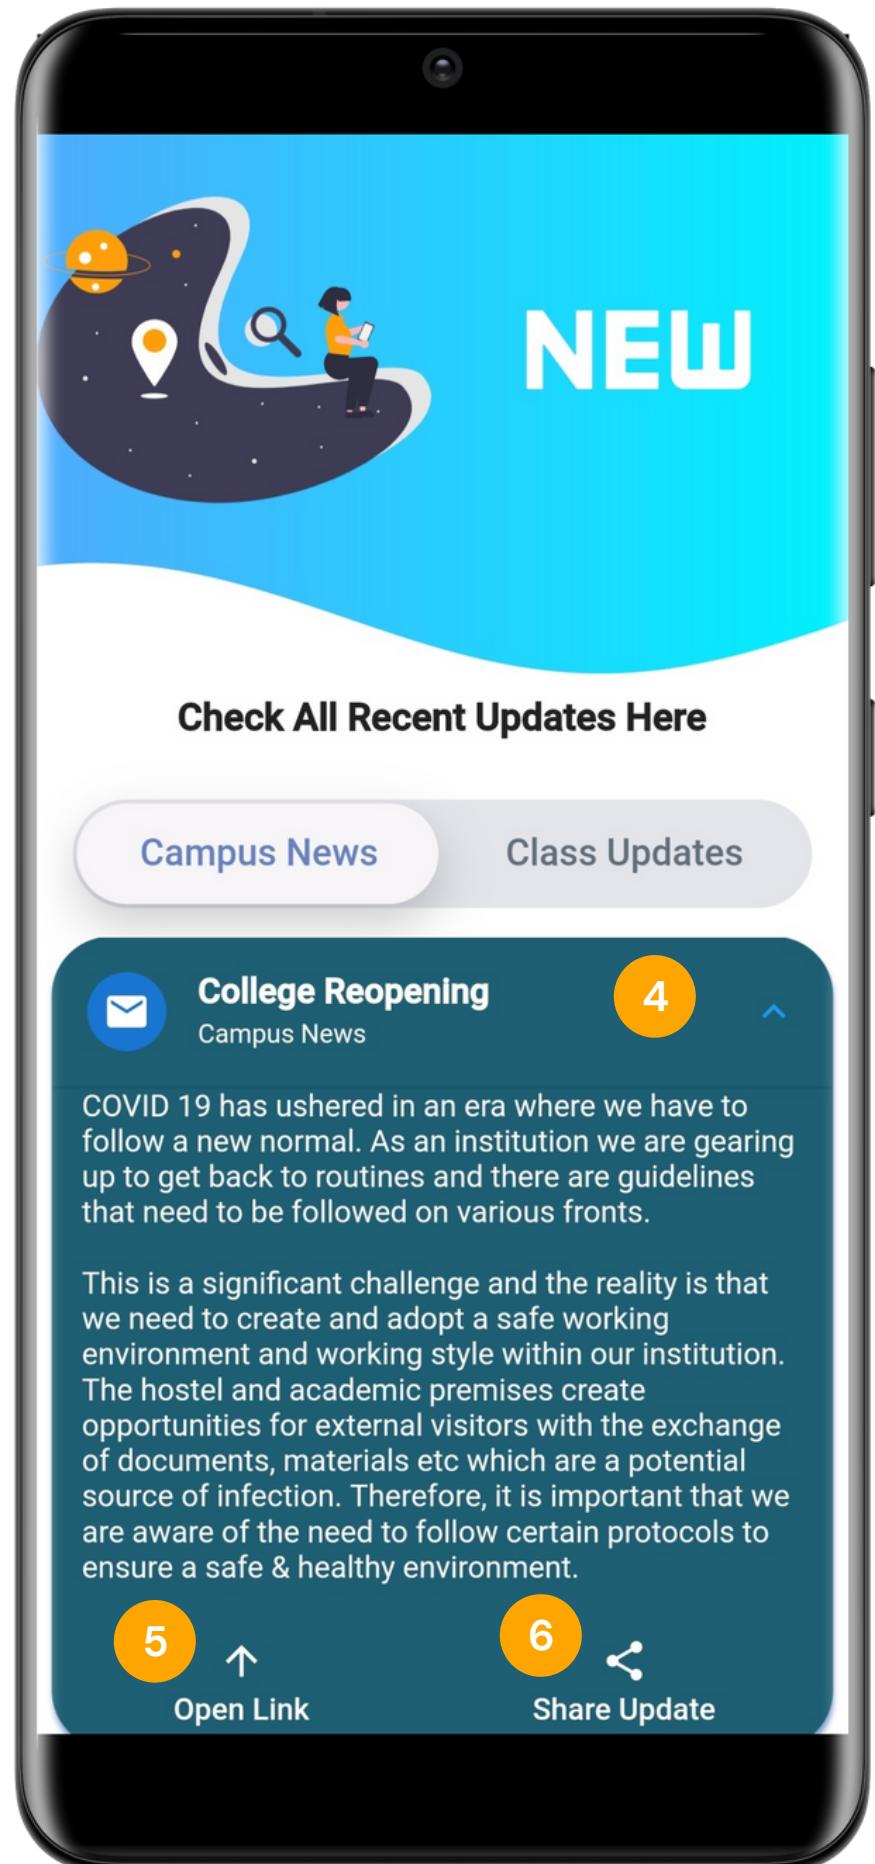

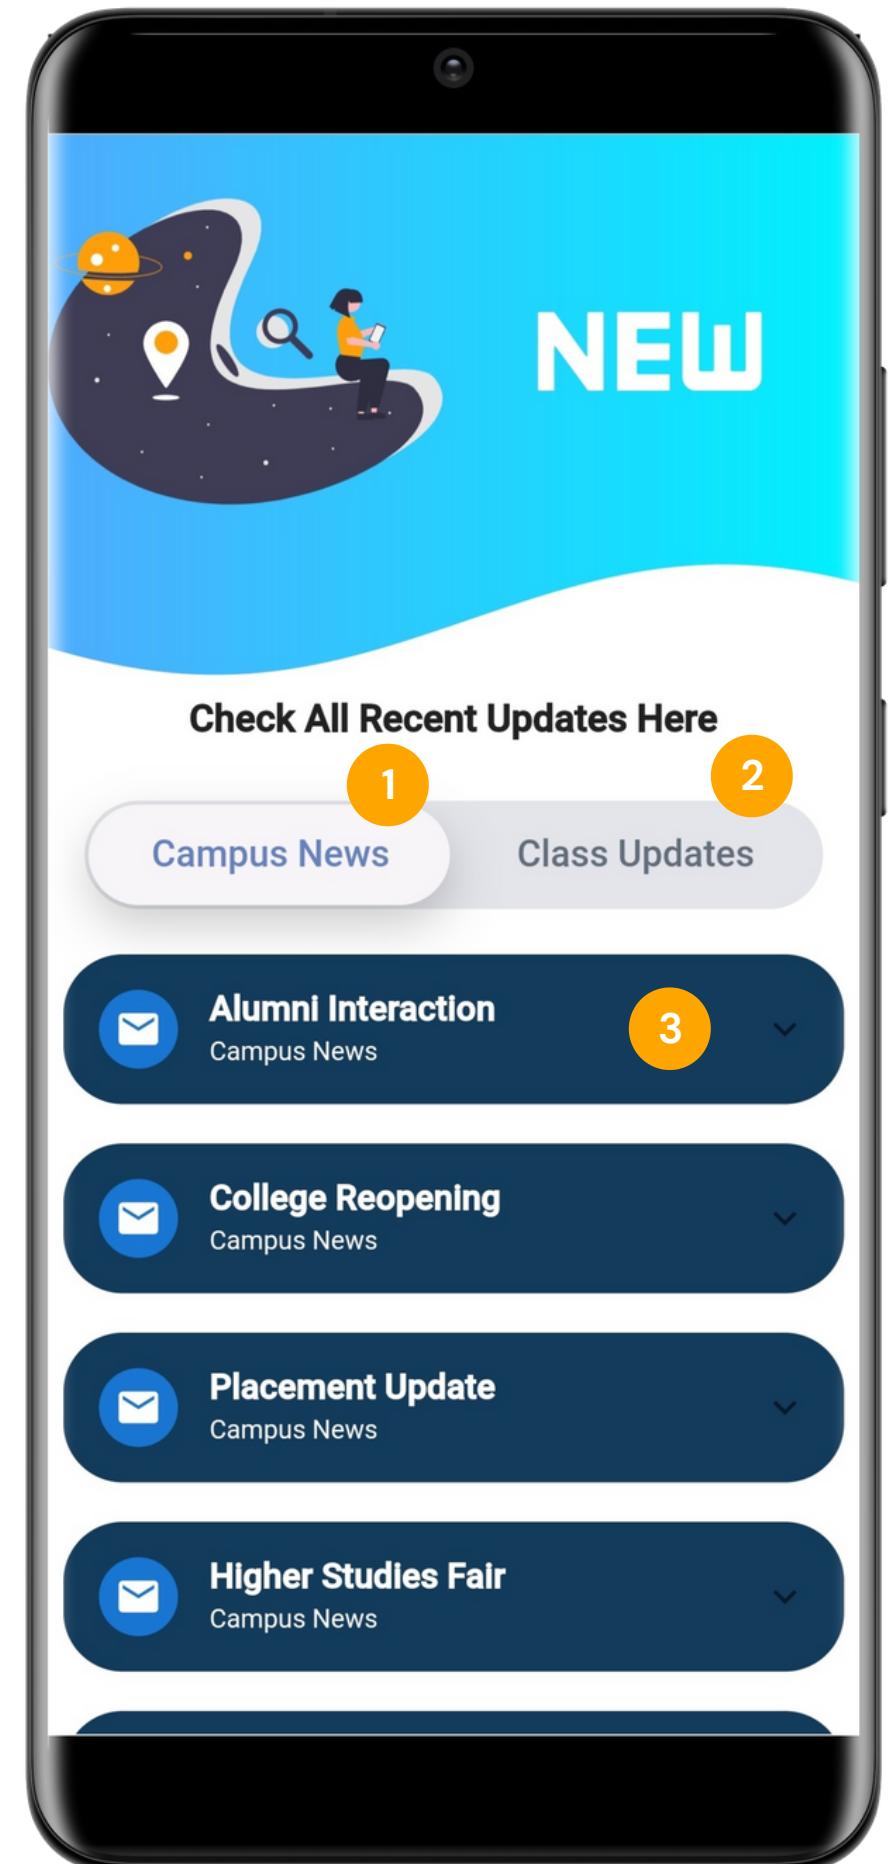

3 Download Receipt (PDF)

2 Fee Pay Details

4 Share Receipt

# NoticeBoard

- 1 All campus news
- 2 Class Updates
- 3 All Campus News
- 4 Full News
- 5 Open Link
- 6 Share Updates

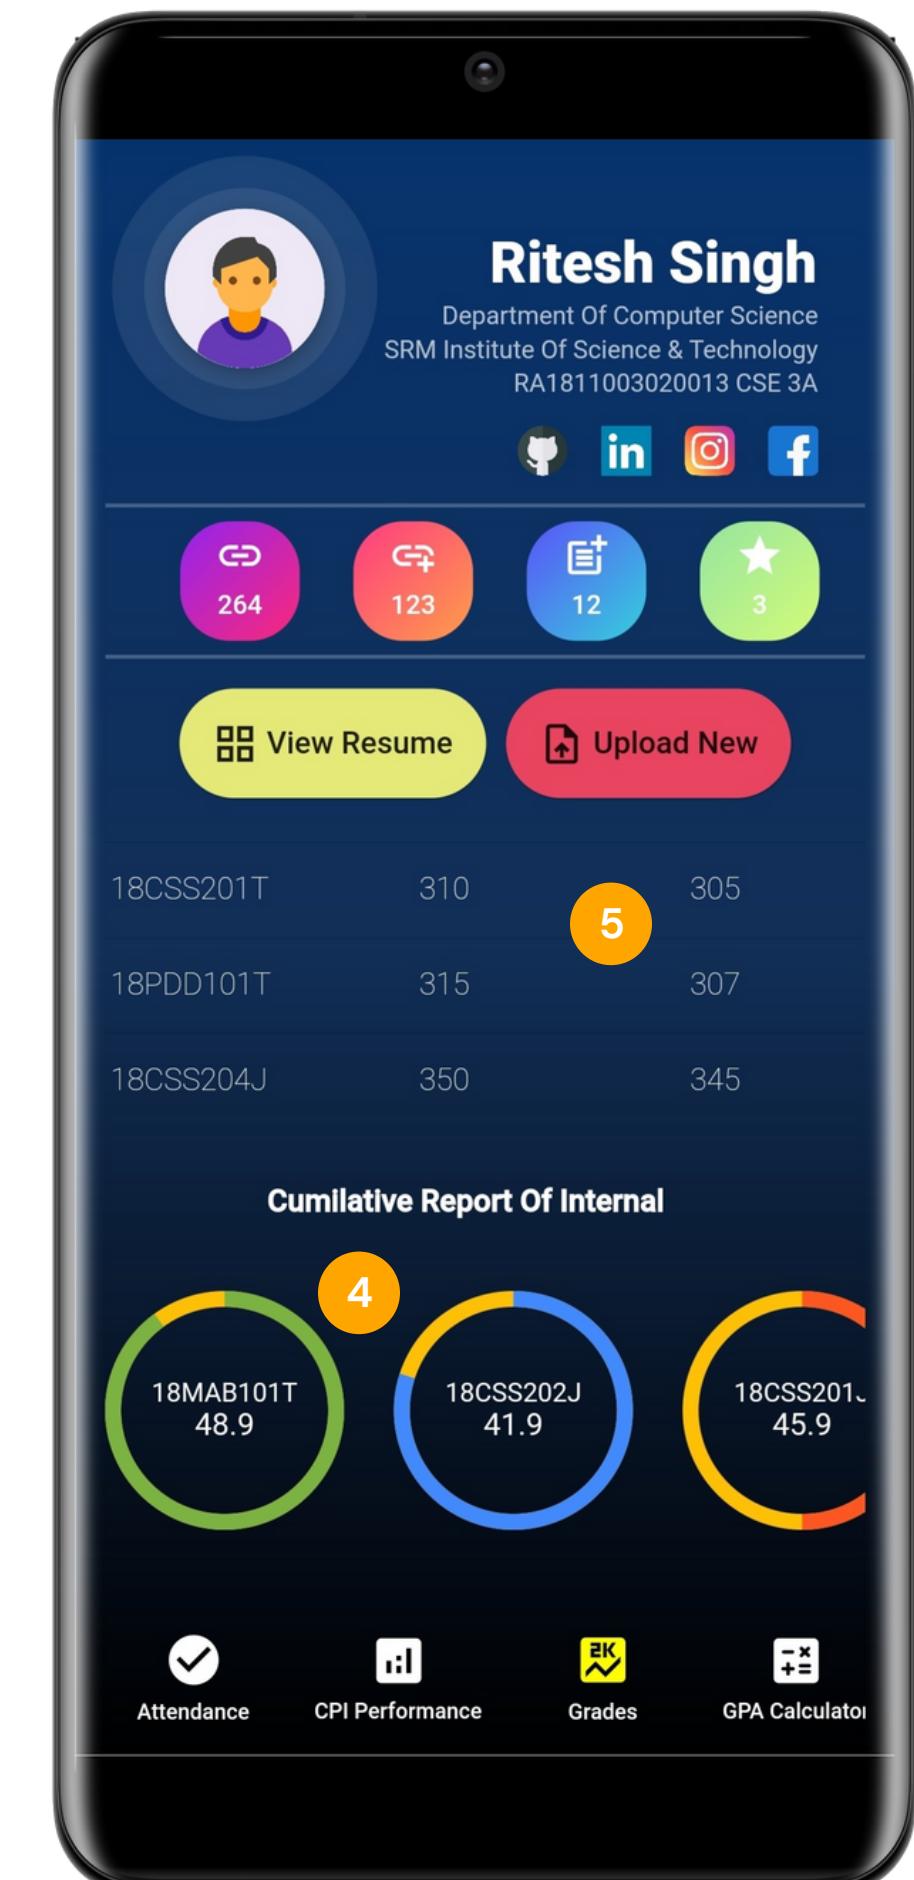

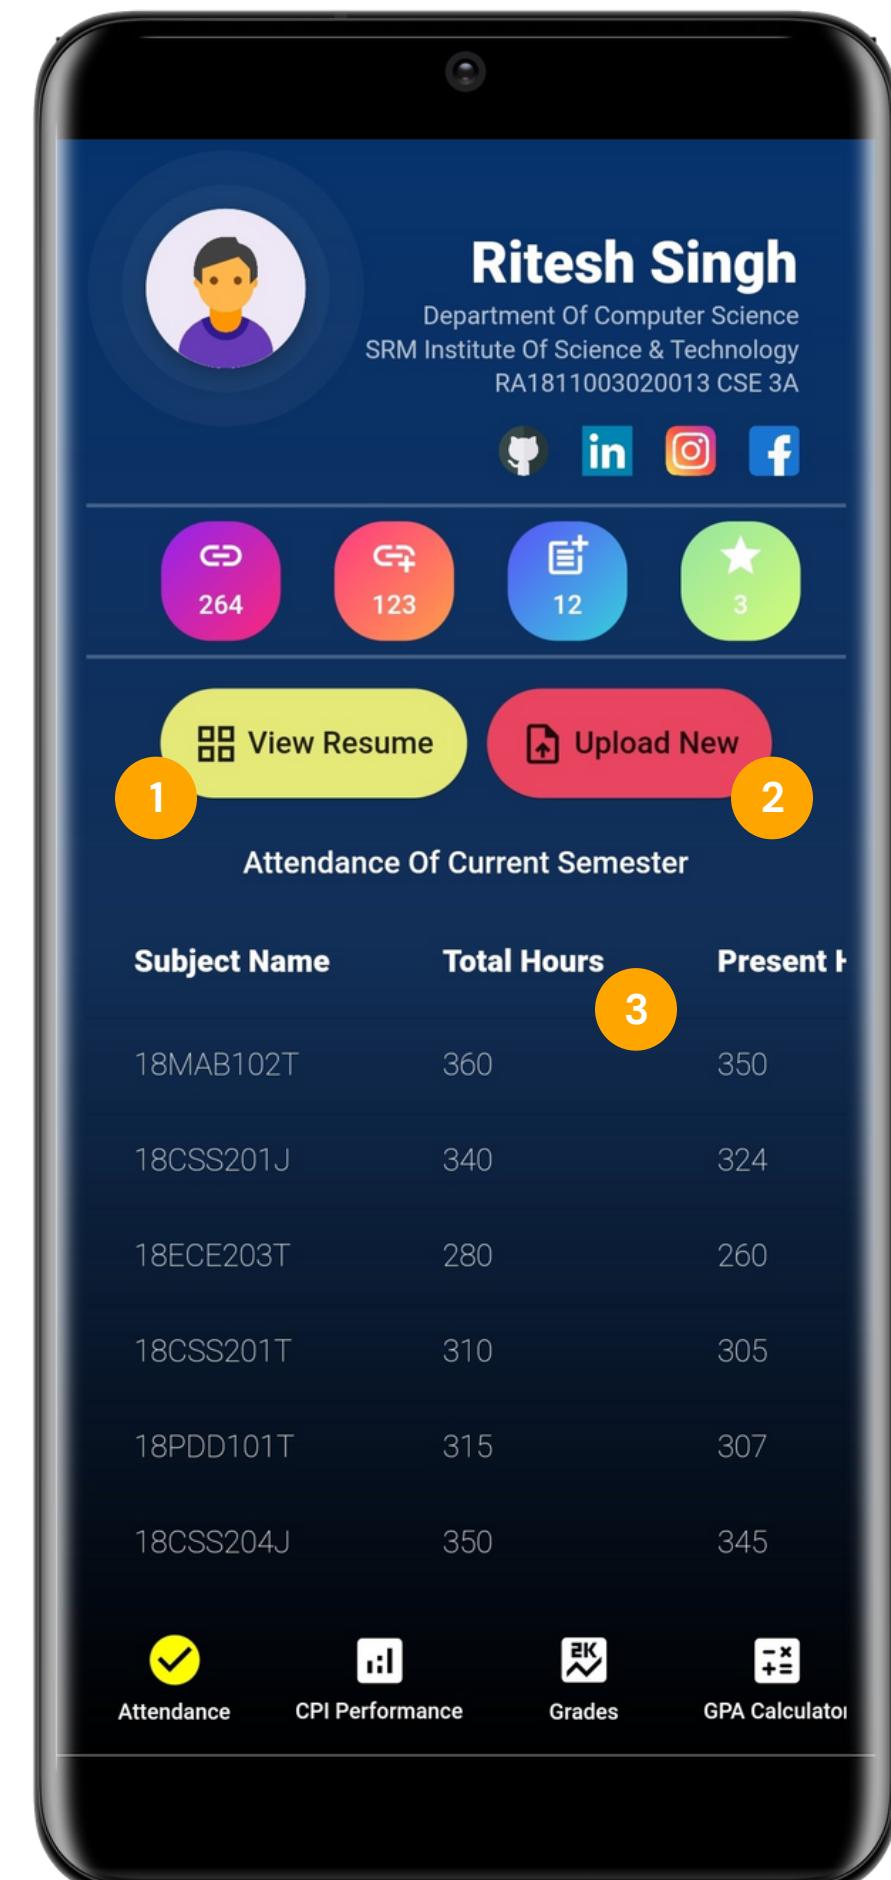

# User Screen

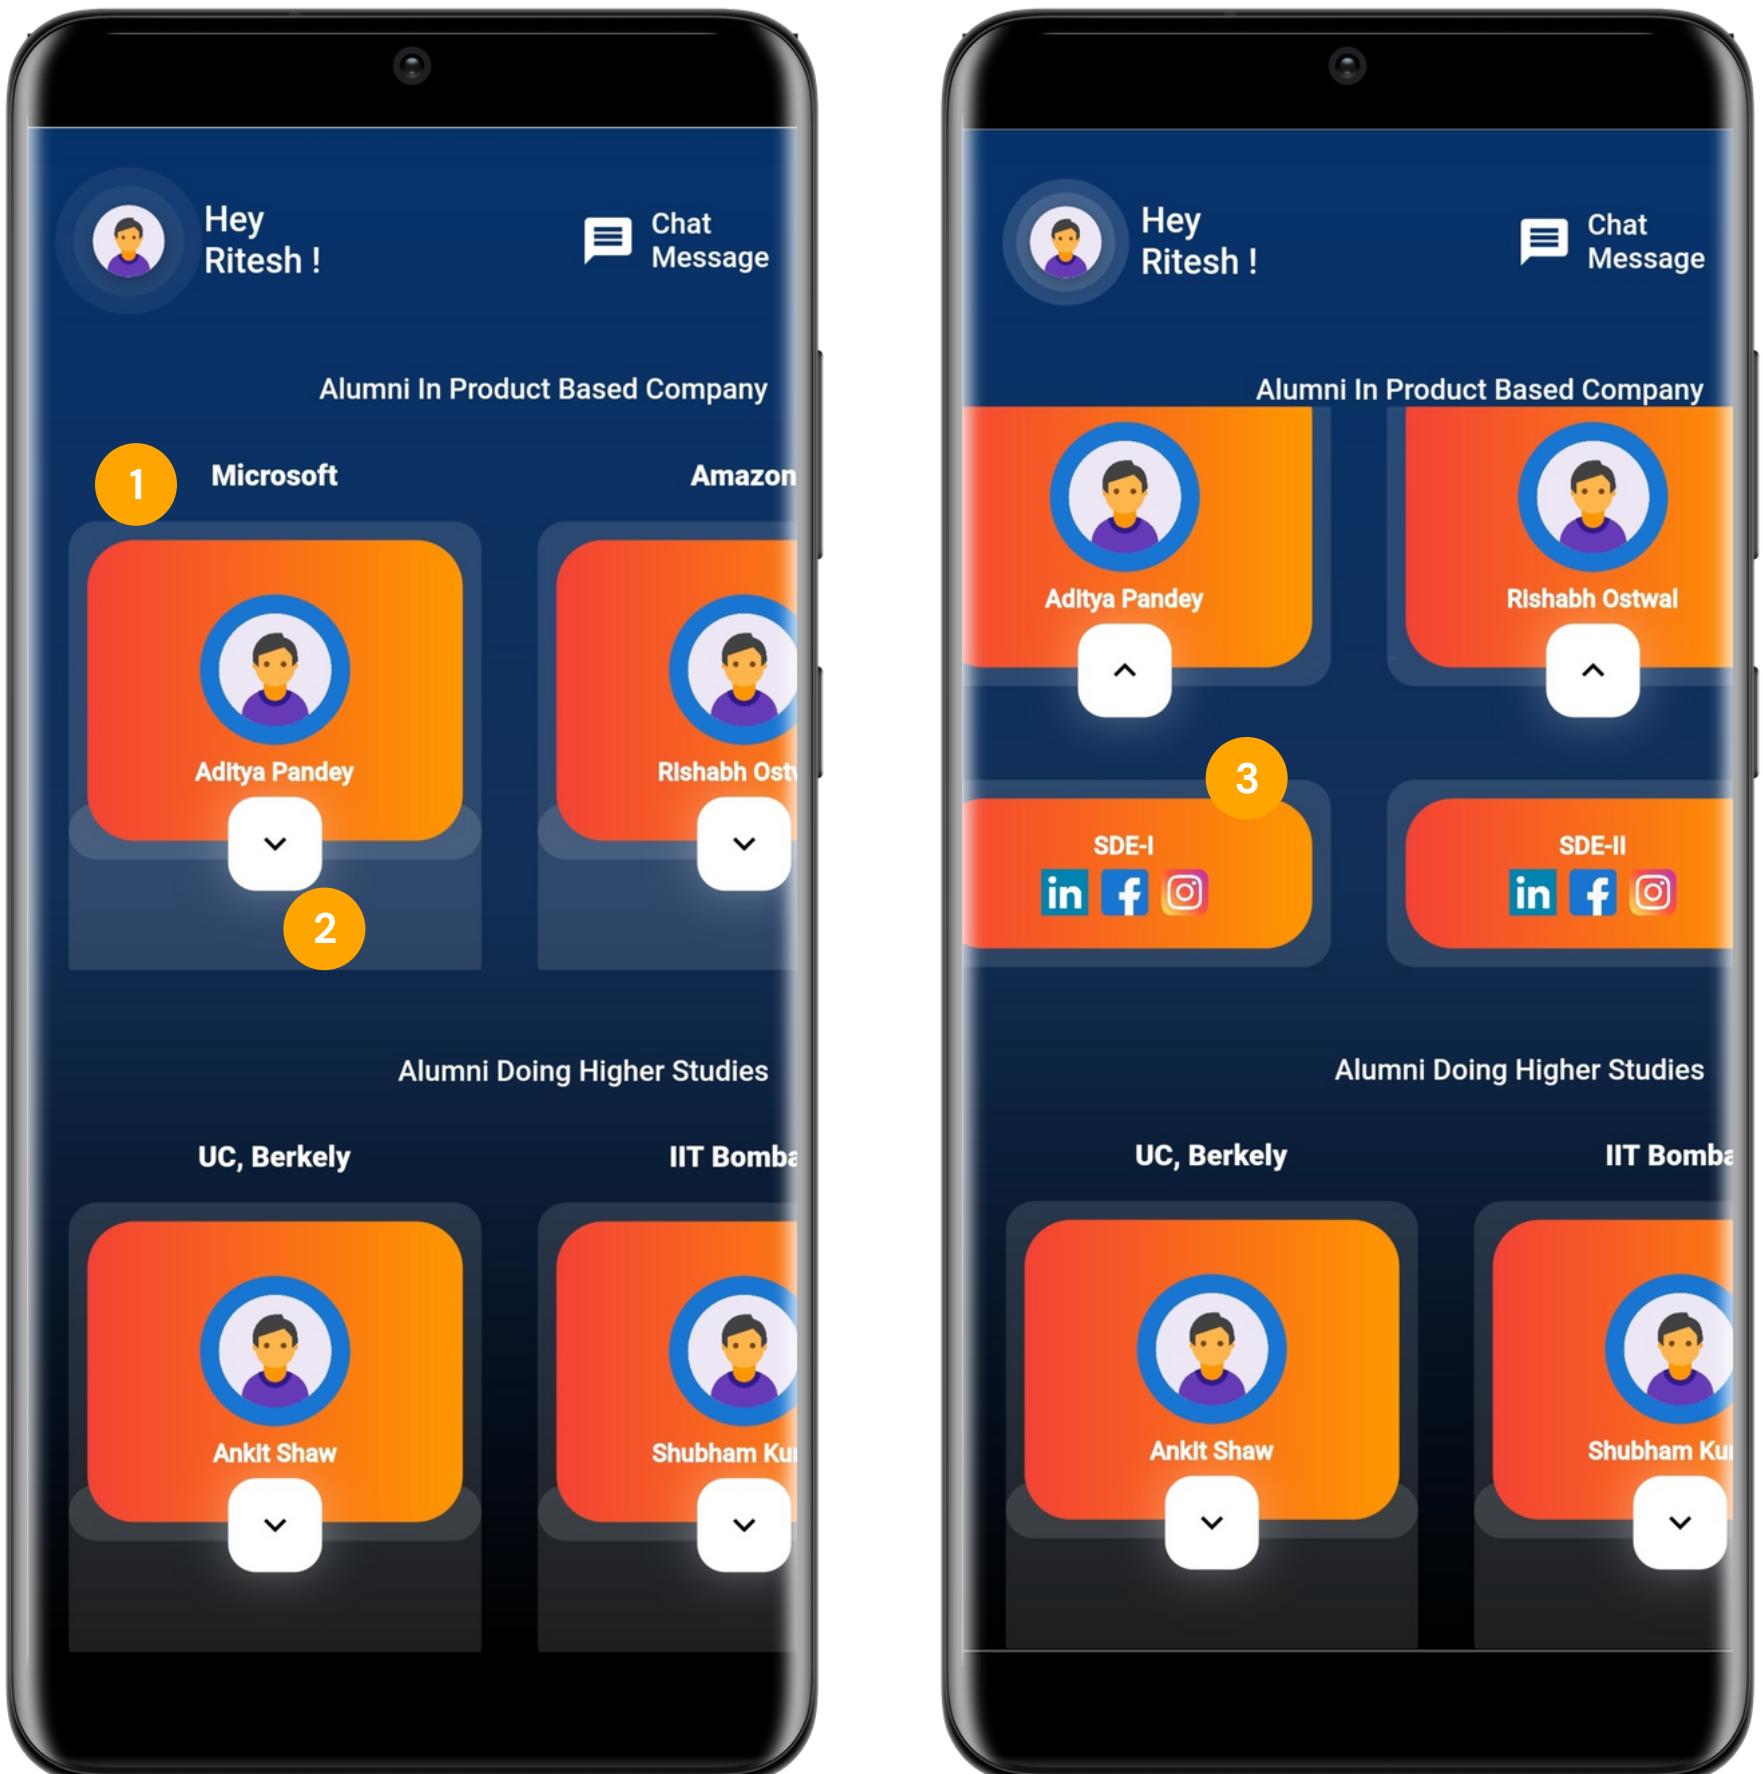

- 1 User social account handle(s)
- 2 Number of connections
- 3 Number of followers
- 4 Credit Registered Current Semester
- 5 Resume Download Count
- 6 Resume Option (Download / View)
- 7 Attendance Details
- 8 CPI Performance Analysis
- 9 Grades Of Current Semester
- 10 GPA Calculator
- 11 Infographic View

# Contd...

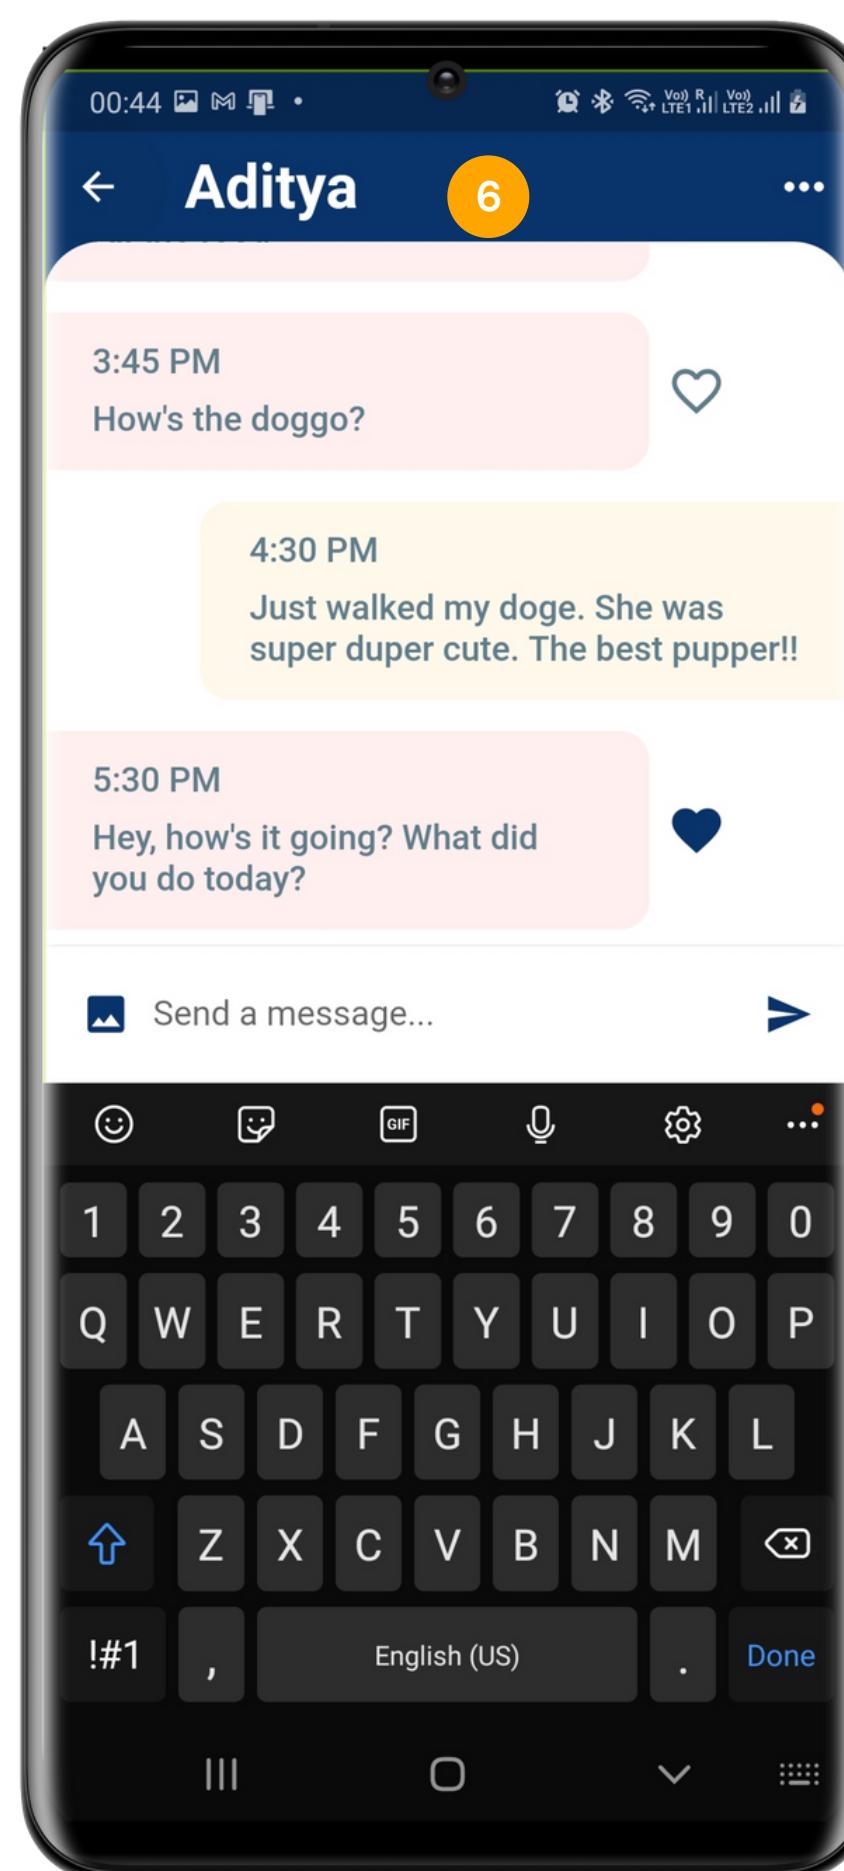

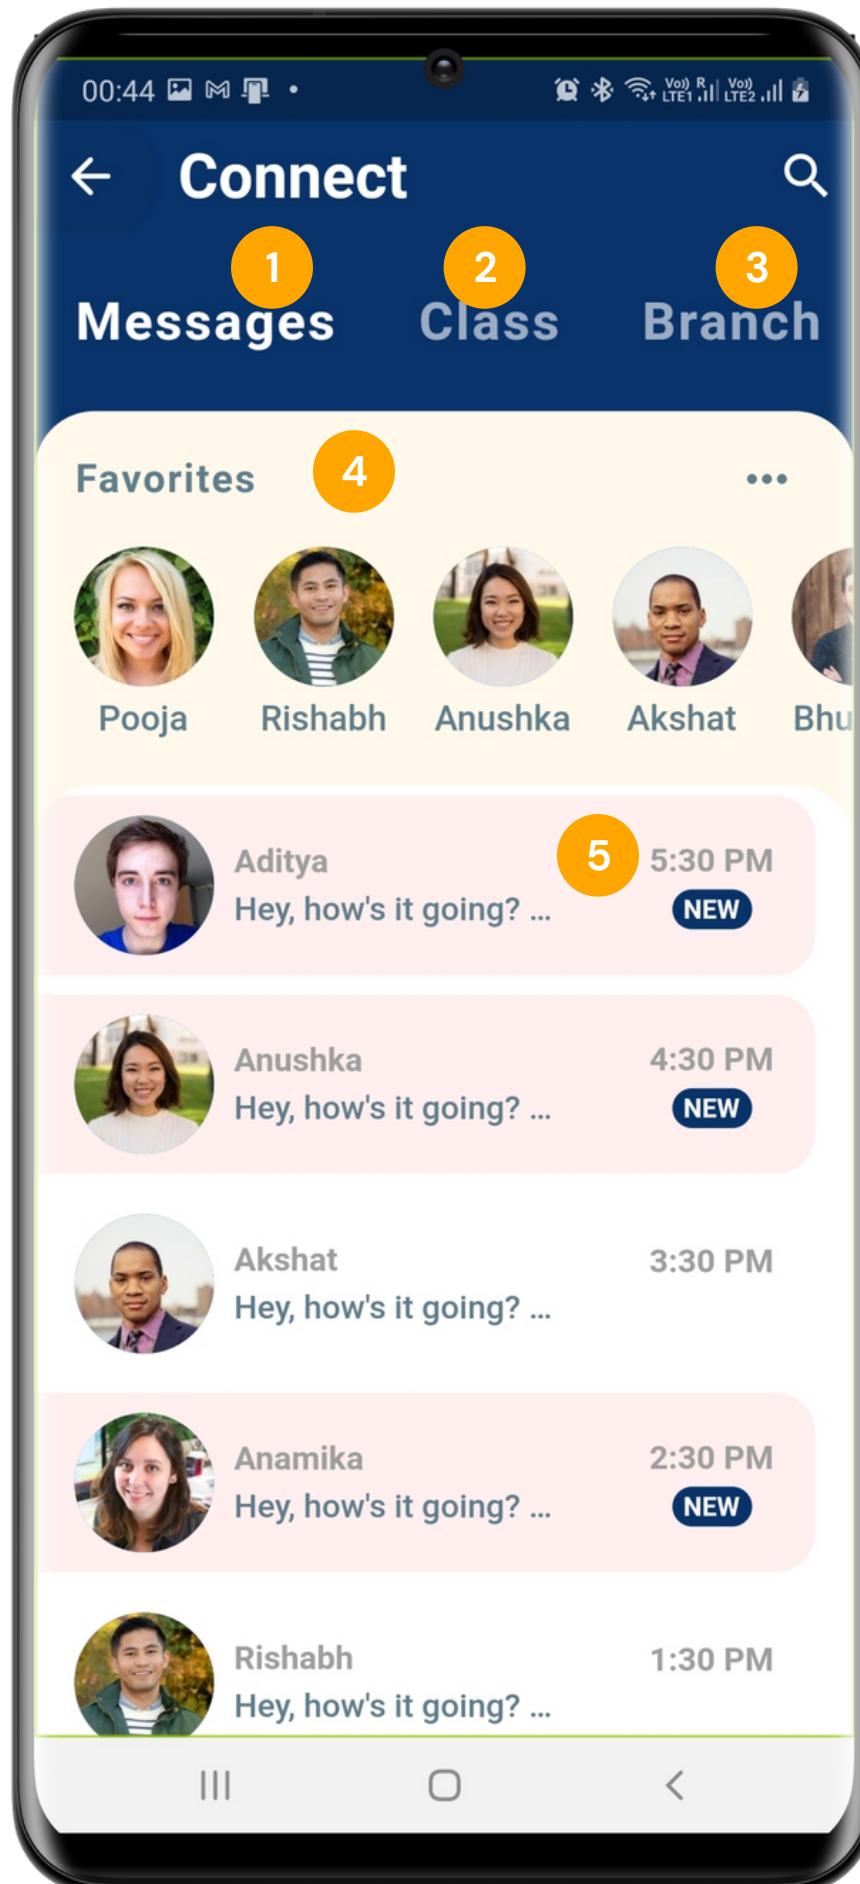

- 1 View Current Resume
- 2 Upload New Resume
- 3 Attendance Viewer
- 4 Grade Views
- 5 Performance Analysis

# Alumni Connect

- 1** Category Wise Alumni
- 2** Alumni Profile
- 3** Social Media Handle(s)

# Message

- 1 Personal Chat
- 2 Class Chat
- 3 Branch Chat Option
- 4 Favorites Chat List
- 5 Recent Chat
- 6 Chat Screen
